LinkedIn | GitHub | Portfolio

OBJECTIVE

Full Stack Developer with hands-on experience building web and desktop applications using React.js, Node.js, Express.js, MongoDB, WebRTC, and Socket.IO. Experienced in developing real-time systems, REST APIs, and responsive user interfaces through freelance projects, hackathons, and personal projects.

EDUCATION

Acharya Institute of Technology

Bengaluru

B.E. Computer Science — CGPA: 8.7/10

Diamond College

Class XII (State Board) — 94.2%

2023

Basaveshwar Public School

Class X (CBSE) — 79.2%

2021

TECHNICAL SKILLS

Languages: Java, TypeScript, JavaScript, C++, C, HTML5, CSS3

Frontend: React.js, Tailwind CSS, GSAP, Framer Motion

Backend: Node.js, Express.js, REST APIs, Socket.IO, WebRTC

Databases: MongoDB, MySQL

Developer Tools: Git, GitHub, Docker, Figma, Postman

PROJECTS

JustPost – Secure File Transfer System | *React.js, Node.js, Express.js, Socket.IO, WebRTC*

- Built a secure file transfer platform using WebRTC for direct browser data transfer, Socket.IO for real-time signaling, and React.js, Node.js, and Express.js for room-based file sharing without persistent server-side storage..

Code Editor Desktop Application | *Electron.js, JavaScript, Monaco Editor*

- Developed a cross-platform Electron-based code editor using Monaco Editor with syntax highlighting, file explorer, and project file management..
- Integrated an embedded terminal and live preview, managing editor state, file operations, and desktop processes for an IDE-like experience.

Chatbot | *React.js, Framer Motion, Gemini API*

- Built a responsive chatbot using React.js and Framer Motion with real-time conversational capabilities powered by the Gemini API.
- Implemented asynchronous API integration, dynamic message rendering, and chat history management for a seamless user experience.

EXPERIENCE

Freelance Web Developer [July 2026]

Frontend Development & Client Projects

- Developed responsive web applications using React.js, Supabase, JavaScript, HTML, CSS, and modern frontend development practices.
- Collaborated with clients to resolve website issues, optimize performance, and manage end-to-end development, testing, and deployment.

ACHIEVEMENTS

- **7+ Hackathons:** Participated in national, state, and college-level hackathons, building full-stack solutions under time constraints.
- **4th Place — College Ideathon:** Ranked 4th among 25 teams for collaborative solution development.
