OBJECTIVE

Final Year Computer Science undergraduate passionate about Full Stack Development with hands-on experience in React, Node.js, Express.js, and MongoDB. Skilled in building responsive web applications, and real-time systems. Passionate about solving real-world problems through technology and seeking an internship to contribute to high-quality software products while continuously learning modern development practices.

EDUCATION

Acharya Institute of Technology

B.E. Computer Science — CGPA: 8.7/10

Bengaluru

2023 – Present

Diamond College

Class XII (State Board) — 94.2%

2023

Basaveshwar Public School

Class X (CBSE) — 79.2%

2021

TECHNICAL SKILLS

Languages: Java, JavaScript, C++, C, HTML5, CSS3

Frontend: React.js, Tailwind CSS, GSAP, Framer Motion

Backend: Node.js, Express.js, REST APIs

Databases: MongoDB, MySQL

Developer Tools: Git, GitHub, Docker, Figma, Postman

PROJECTS

JustPost – Secure File Transfer System | *React.js, Node.js, Express.js, Socket.IO, WebRTC*

- Built a peer-to-peer file transfer application using React.js, Node.js, Express.js, Socket.IO, and WebRTC for real-time communication.
- Implemented secure room-based file sharing with direct browser-to-browser transfer, minimizing server dependency and latency.

Code Editor Desktop Application | *Electron.js, JavaScript, Monaco Editor*

- Developed a cross-platform desktop code editor using Electron.js and Monaco Editor with syntax highlighting and file management.
- Integrated an embedded terminal and optimized application performance for an IDE-like development experience.

Chatbot | *React.js, Framer Motion, Gemini API*

- Built a responsive chatbot using React.js and Framer Motion with real-time conversational capabilities powered by the Gemini API.
- Implemented asynchronous API integration, dynamic message rendering, and chat history management for a seamless user experience.

EXPERIENCE & ACHIEVEMENTS

Freelance Web Developer

Frontend Development & Client Projects

- Developed responsive web applications using React.js, JavaScript, HTML, CSS, and modern frontend development practices.
- Collaborated with clients to resolve website issues, optimize performance, and manage end-to-end development, testing, and deployment.
- Participated in **7+ national, state and college-level hackathons**, developing innovative full-stack solutions under time constraints.
- Achieved **4th position out of 25 competing teams** in a college-level Ideathon through collaborative problem-solving and solution development.
